Carrington Mortgage Services, LLC - Developer, CRM, II

Job URL

Dear Hiring Manager,

I am excited to apply for the CRM Developer II position at Carrington Mortgage Services where my extensive experience in managing CRM platforms, particularly Zendesk and Salesforce, directly aligns with your needs. I have over 7 years of hands-on experience in designing and implementing complex configurations while integrating various enterprise systems.

At Docker, I successfully architected integrated CRM solutions that improved customer support processes, contributing to a 40% increase in efficiency for over 300 users. My strong background in JavaScript, SQL, and REST API integrations equips me to deliver custom workflows and reporting functionalities required for Zendesk applications.

I have a proven ability to enhance user training and documentation for seamless transitions to new system features, ensuring stakeholders experience minimal disruptions. I am particularly drawn to Carrington's commitment to innovative solutions in the mortgage servicing industry and look forward to the opportunity to contribute my skills to your team.

Thank you for considering my application. I look forward to discussing how I can help support your CRM initiatives and enhance operational efficiencies at Carrington.

Sincerely,
Triet Le
