Triet Le

Growth Engineer | Salesforce Developer

San Carlos, CA 94070 | (480) 666-1845 | trietle1997@outlook.com | LinkedIn

SUMMARY

Versatile Growth Engineer with 7+ years in cloud infrastructure, AI solutions, and data automation. Proven expertise in Salesforce development, API integrations, and AI coding tools, driving operational efficiency and enhancing data accessibility. Success in building scalable systems that empower marketing teams, optimize workflows, and automate business processes. Adept at delivering impactful solutions for growth in SaaS environments.

SKILLS

Cloud Computing: Cloud Data Services, Cloud Management, Cloud Security

Programming Languages: Python, TypeScript, SQL

AI & Automation: LLM APIs, AI-Powered Workflows, Claude, Clay

APIs & Integrations: REST APIs, Webhooks, Data Management

Growth & Marketing: Demand Generation, Pipeline Creation, Conversion Rate Optimization (CRO)

Salesforce Development: Apex, Lightning Web Components, OmniStudio, Flow

DevOps: CI/CD, Version Control (Git), Testing, Deployment Automation

Business Analysis: Requirements Gathering, Stakeholder Management, Agile Delivery

Web Development: Campaign Optimization, Account Personalization, Technical Resource Development

PROFESSIONAL EXPERIENCE

Docker, Inc | *Senior Salesforce Developer*

Dec 2024 - Present | Seattle, Washington, United States

- Engineered AI-driven demand generation strategies by integrating Salesforce with Salesforce Data Cloud, enhancing customer data accessibility and reducing lead processing time by 60%, enabling faster decision-making for marketing initiatives.
- Designed automated workflows using AI tools and APIs to optimize lead management, resulting in a 45% increase in pipeline efficiency and enabling seamless outreach for 50,000+ potential clients.
- Developed and implemented scalable integrations with HubSpot and analytical tools, allowing real-time data flow between platforms, and driving a 30% improvement in campaign targeting metrics.
- Optimized e-commerce initiatives by automating parts of the paid customer acquisition infrastructure on LinkedIn and Google Ads, saving the marketing team 40 hours a month and improving ROI by 50%.
- Led the transformation of the eon.io platform architecture to enhance personalization and experimentation capabilities, resulting in a 25% increase in user engagement with A/B testing and data-driven content strategies.
- Collaborated with the Marketing and Revenue Operations teams to identify signals and triggers for account outreach, significantly improving the campaign conversion rate by 35% through personalized communications.

Amazon Web Services (AWS) | *Senior Salesforce Developer*

Jul 2023 - Dec 2024 | Seattle, Washington, United States

- Spearheaded the integration of AI tools into customer engagement processes, achieving a 50% reduction in service response times and enhancing customer satisfaction for 500,000+ accounts.

- Architected seamless workflows connecting Salesforce with internal and external applications through robust API integrations, which improved data accuracy and reporting efficiency by 40%.
- Enhanced team collaboration on campaign experiments by establishing a centralized data dashboard using SQL for real-time access to key performance indicators across platforms.
- Implemented advanced automation within Salesforce workflows, resulting in a 30% decrease in manual processes and an increase in marketing campaign ROI through optimized audience targeting.
- Championed Salesforce Service Cloud enhancements to better align with cloud infrastructure demands, which increased operational efficiency for support teams by 35%.

Amazon Web Services (AWS) | *Salesforce Developer*

Oct 2021 - Jul 2023 | Seattle, Washington, United States

- Developed and refined Salesforce solutions that ensured compliance with data integrity requirements for the healthcare industry, improving data reliability for over 200,000 patient records by 95%.
- Built integrations connecting Salesforce to external analytics tools via REST APIs, which bridged data silos and reduced reporting inconsistencies by 35%, enabling better insights for marketing strategies.
- Custom-built automation processes using Salesforce Flow to streamline campaign execution, increasing operational productivity by over 30% and reducing turnaround times for marketing initiatives.

Deloitte Consulting | *Salesforce Developer*

Feb 2019 - Sep 2021 | Gilbert, Arizona, United States

- Led the development of robust Apex and Lightning components for Fortune 500 clients in financial services, driving operational efficiency for over 1,800 users across multiple markets.
- Collaborated with technical architects to streamline case management solutions, enhancing customer support feedback loops and reducing operational friction through improved user interfaces.
- Designed and executed user experience protocols for Salesforce applications, which increased engagement rates by 25% while ensuring responsiveness and compliance with security standards.

Arizona State University - W. P. Carey School of Business | *IT Support Specialist*

Jun 2016 - Dec 2018 | Tempe, Arizona, United States

- Provided technical support across campus to enhance operational workflows, addressing over 200 faculty support tickets monthly and implementing solutions that decreased resolution times by 20%.
- Promoted Agile methodologies among peers to facilitate collaborative problem-solving, increasing project delivery speed by 15% and improving service availability.

EY | *Risk Advisory Intern*

Jun 2018 - Aug 2018 | Greater Phoenix Area

- Conducted risk assessment for technology protocols across three Fortune 500 companies, identifying inefficiencies that led to a 30% reduction in potential vulnerabilities.
- Demonstrated attention to detail through rigorous testing of over 20 IT processes and controls, solidifying compliance adherence and enhancing the firm's audit capabilities.

CERTIFICATIONS

- Salesforce Certified Application Architect
- Salesforce Certified Platform Developer II
- Salesforce Certified Data Architecture & Management Designer
- Salesforce Certified Sharing and Visibility Designer

- Vlocity Platform Developer
- Salesforce Certified Platform App Builder
- Salesforce Certified Administrator (SCA)
- Salesforce Certified Platform Developer I
