PROFESSIONAL EXPERIENCE

Docker, Inc | *Senior Salesforce Developer*

Dec 2024 - Present | Seattle, Washington, United States

- Planned and executed strategies for engaging enterprise clients through Salesforce-driven event management, enhancing engagement metrics by 30% at key industry conferences.
- Managed integration of event sponsorships and ensured lead capture processes aligned with Salesforce campaigns, increasing pipeline visibility and enhancing analytics capabilities across 500+ leads.
- Collaborated with sales teams to optimize on-site schedules during events, maximizing the impact of executive presence and streamlining communication efforts within the organization.
- Coordinated logistics for various high-profile trade shows, overseeing shipping, materials, and vendor relations, achieving seamless event execution with a 95% satisfaction rate from participants.
- Developed external partnerships for strategic event sponsorships, aligning with company objectives and securing valuable speaking opportunities that raised brand visibility by 40%.
- Utilized Figma to create visually appealing booth designs and event collateral that effectively communicated our brand message, resulting in improved attendee engagement and feedback.

Amazon Web Services (AWS) | *Senior Salesforce Developer*

Jul 2023 - Dec 2024 | Seattle, Washington, United States

- Executed customer lifecycle strategies across significant AWS events, leading to a 35% increase in on-site lead conversions through optimized engagement techniques.
- Directed logistics for AWS's largest conference presence, managing vendor relations and material setup, which enhanced operational performance and left a positive impression on over 10,000 attendees.
- Streamlined event follow-up processes through Salesforce campaign tracking, ensuring timely lead nurturing and escalation protocols were in place, achieving a 25% uplift in post-event engagement.

- Created comprehensive event reports translating attendee interactions into actionable insights for future marketing strategies, allowing teams to measure event effectiveness accurately.
- Collaborated with cross-functional teams to design and execute segmentation strategies for tailored marketing campaigns around events, enhancing lead quality and conversion rates significantly.

Amazon Web Services (AWS) | *Salesforce Developer*

Oct 2021 - Jul 2023 | Seattle, Washington, United States

- Developed Salesforce functionalities to support event lead capture initiatives, improving data accuracy across lead management processes by 40% through automated workflows.
- Assisted sales teams with on-site execution and stakeholder engagement during events, refining processes that increased supported lead interactions by 30%.
- Implemented analytics solutions to track the success of event initiatives, enabling data-driven decision-making and strategic adjustments in real-time for ongoing events.
- Created and maintained documentation for event processes, aiding future planning efforts and providing clarity on roles and responsibilities for all event participants.

Deloitte Consulting | *Salesforce Developer*

Feb 2019 - Sep 2021 | Gilbert, Arizona, United States

- Supported end-to-end Salesforce development for financial services trade shows, enhancing boot performances, and streamlining lead capture, yielding measurable improvements in attendee engagement.
- Executed vendor relations activities for various client events, ensuring material preparation and logistical coordination led to a smooth operational experience during high-stakes marketing efforts.
- Designed secure data handling processes at events, ensuring compliance with data protection regulations while managing lead capture, which reduced risk of data exposure substantially.

Arizona State University - W. P. Carey School of Business | *IT Support Specialist*

Jun 2016 - Dec 2018 | Tempe, Arizona, United States

- Provided IT support for event management initiatives, ensuring that technical requirements for various school events were consistently met and enhanced stakeholder experience.
- Collaborated with cross-functional teams to support administrative tasks required for events, facilitating smooth communications and operational efficiency across all planning stages.

EY | *Risk Advisory Intern*

Jun 2018 - Aug 2018 | Greater Phoenix Area

- Engaged in risk management assessments for corporate events, ensuring that all technological risks were identified and mitigated through robust documentation processes.
- Illustrated service-level agreements during client interactions, fostering communication and ensuring clarity on risk management expectations.
