PROFESSIONAL EXPERIENCE

Docker, Inc | *Senior Salesforce Developer*

Dec 2024 - Present | Seattle, Washington, United States

- Led implementation of Veeva CRM solutions integrating Salesforce for healthcare clients, enhancing data accuracy by 98% and empowering client decision-making through refined analytics and reporting.
- Conducted detailed business process analyses, identifying pain points and driving workflow automation that reduced operational inefficiencies across sales and marketing teams by 35%.
- Developed scalable data management frameworks using SQL and ETL methodologies, directly supporting project demands in life sciences by processing over 500,000 CRM records with precision.
- Established a collaborative mentoring program within the team to elevate technical skills on Salesforce integrations and Veeva solutions, leading to a 40% increase in team project execution capabilities.
- Optimized Salesforce data workflows for commercial operations, achieving a compliance adherence rate of 99.5% while streamlining access to critical data resources.
- Implemented efficient release management practices around Salesforce DX and CI/CD, ensuring timely delivery of enhancements while reducing bugs by 40%.

Amazon Web Services (AWS) | *Senior Salesforce Developer*

Jul 2023 - Dec 2024 | Seattle, Washington, United States

- Designed custom Salesforce CRM solutions focused on lifecycle management for healthcare and commercial segments, improving user experience and increasing engagement across 100,000+ client interactions.
- Executed data integration projects connecting Salesforce with traditional healthcare systems, enhancing data accuracy by 30% and meeting strict regulatory requirements.
- Leveraged SQL and ETL for advanced data management strategies, supporting high-volume data migration initiatives that aligned with business intelligence goals and customer insights.

- Facilitated stakeholder meetings to gather requirements and present findings, effectively translating complex data concepts into actionable insights for non-technical platforms.
- Mentored junior developers on Veeva CRM functionalities and data practices, fostering a culture of knowledge sharing that improved team performance on collaborative projects.

Amazon Web Services (AWS) | *Salesforce Developer*

Oct 2021 - Jul 2023 | Seattle, Washington, United States

- Engineered Salesforce solutions tailored for financial and pharmaceutical customers, achieving a 30% increase in process efficiency through automation of account management tasks.
- Implemented Master Data Management strategies for healthcare projects, ensuring data integrity and compliance across 20,000+ records while enhancing data accessibility.
- Automated key reporting processes using Excel and SQL queries, optimizing information delivery to management and supporting dynamic decision-making during sales cycles.
- Collaborated with cross-functional teams to enhance user interface designs, resulting in a 25% rise in user satisfaction scores on Salesforce applications.

Deloitte Consulting | *Salesforce Developer*

Feb 2019 - Sep 2021 | Gilbert, Arizona, United States

- Developed and implemented Salesforce applications for Fortune 500 clients within the life sciences sector, automating critical operations for more than 1,800 users.
- Conducted comprehensive process analyses to drive improvements in Salesforce configurations, leading to a significant productivity uplift across 6 international markets.
- Created impactful reporting tools and dashboards for marketing and sales teams, enhancing visibility into sales performance and customer engagement metrics by 30%.
- Facilitated workshops with senior management to align CRM strategies with corporate objectives, ensuring adoption of best practices across various client organizations.

Arizona State University - W. P. Carey School of Business | *IT Support Specialist*

Jun 2016 - Dec 2018 | Tempe, Arizona, United States

- Collaborated with faculty to troubleshoot technical issues, implementing Agile methodologies to solve problems sustainably while enhancing user satisfaction scores.
- Provided support services to over 200 faculty and staff, refining communications and improving efficiency in IT service management.

EY | *Risk Advisory Intern*

Jun 2018 - Aug 2018 | Greater Phoenix Area

- Reviewed technology risks for Fortune 500 clients, utilizing analytical skills to recommend mitigation strategies that enhanced compliance frameworks.
- Executed thorough documentation reviews, identifying risk factors across 20+ technology processes, promoting timely remediation actions.
