PROFESSIONAL EXPERIENCE

Docker, Inc | *Senior Salesforce Developer*

Dec 2024 - Present | Seattle, Washington, United States

- Designed and implemented Lightning Web Components and Salesforce OmniStudio solutions improving user experience and operational workflows.
- Built secure and scalable Salesforce objects, fields, and sharing models, reducing support incidents by 15%.
- Developed and optimized bulk-safe Apex and SOQL queries processing 250,000+ records monthly, improving automation reliability by 20%.
- Constructed and maintained API integrations with external SaaS platforms using REST APIs, Named Credentials, and OAuth 2.0.
- Led migration from Workflow Rules to modern Flow architecture, enhancing automation maintainability and reducing errors.

Amazon Web Services (AWS) | *Senior Salesforce Developer*

Jul 2023 - Dec 2024 | Seattle, Washington, United States

- Configured Salesforce Sales Cloud and Service Cloud including objects, fields, Flows, validation rules, and dashboards to improve CRM data quality and sales operations.
- Managed Salesforce security including profiles, permission sets, roles, and sharing rules for enterprise users, enforcing least-privilege access.
- Designed and developed Lightning Web Components and Aura Components aligned with enterprise business requirements.
- Developed Experience Cloud portals with secure client app configurations, reducing email follow-ups by 20%.
- Created Agentforce case-triage workflows using Salesforce Flows, improving case routing efficiency by 15%.

Amazon Web Services (AWS) | *Salesforce Developer*

Oct 2021 - Jul 2023 | Seattle, Washington, United States

- Developed Apex REST services and integrations using REST and SOAP APIs with secure authentication methods, supporting external client applications.
- Built and maintained Salesforce custom objects and fields with controlled field- and object-level security to comply with enterprise standards.
- Created and tested Lightning Web Components and FlexCards for Experience Cloud enhancing user accessibility and data presentation.
- Improved data import processes through clean data mapping, validation, and efficient batch Apex jobs.
- Collaborated in Agile teams for delivering scalable Salesforce solutions aligned with business needs and platform best practices.

Deloitte Consulting | *Salesforce Developer*

Feb 2019 - Sep 2021 | Gilbert, Arizona, United States

- Developed and maintained Salesforce Healthcare CRM features including secure member data and case management with compliance to HIPAA.
- Configured Salesforce objects, fields, profiles, permission sets, and sharing rules enforcing strict access control and data security.
- Improved proposal generation efficiency by 38% by maintaining PandaDoc templates and Salesforce merge-field integrations for opportunity proposals.
- Enhanced Salesforce data quality by cleansing and enriching 6,000+ Lead and Contact records with ZoomInfo integration.
- Documented security configurations, deployment processes, and test plans ensuring audit readiness for regulated environments.

Arizona State University - W. P. Carey School of Business | *IT Support Specialist*

Jun 2016 - Dec 2018 | Tempe, Arizona, United States

- Provided Agile-driven technology support and troubleshooting for 200+ faculty and staff, improving service response times.
- Collaborated with senior technicians to diagnose and resolve complex IT issues, contributing to enterprise-wide solutions.

EY | *Risk Advisory Intern*

Jun 2018 - Aug 2018 | Greater Phoenix Area

- Assessed IT risks and controls for Fortune 500 clients through documentation review, walkthroughs, and independent testing.
- Identified and documented system vulnerabilities and control deficiencies enhancing client risk management.
