Technical Problem Solving: Code Quality and Optimization, Troubleshooting & Debugging, Secure Development Practices, Best Practices Adherence

PROFESSIONAL EXPERIENCE

Docker, Inc | *Senior Salesforce Developer*

Dec 2024 - Present | Seattle, Washington, United States

- Led the development of Salesforce solutions leveraging Lightning Web Components and OmniStudio for improved customer workflows.
- Oversaw Salesforce data management, enhancing data governance and quality through advanced validation rules and cleansing processes.
- Managed integrations with external platforms to enhance interoperability, employing REST APIs and OAuth for secured data exchange.
- Developed and maintained comprehensive Salesforce monitoring and performance dashboards, boosting operational oversight and strategic reporting.
- Executed Salesforce platform customization with a focus on improving scalability and user engagement through tailored workflows.

Amazon Web Services (AWS) | *Senior Salesforce Developer*

Jul 2023 - Dec 2024 | Seattle, Washington, United States

- Enhanced CRM functionality through strategic configurations in Sales and Service Clouds to optimize sales processes and team efficiency.

- Promoted innovative solution designs using Lightning Web Components to support complex enterprise applications.
- Designed and deployed secure, scalable integration solutions using Apex, REST APIs, and asynchronous processing models.
- Ensured data integrity and system enhancements with custom reporting solutions and database optimization strategies.

AWS - Amazon Web Services | *Salesforce Developer*

Oct 2021 - Jul 2023 | Seattle, Washington, United States

- Delivered enterprise Salesforce solutions through Apex REST services, focusing on integration resilience and processing efficiency.
- Engineered OmniStudio components to facilitate streamlined customer interactions and service fulfillment workflows.
- Contributed to Agile project lifecycle tasks from design conception to production deployment, driving team collaboration and agile alignment.

Deloitte Consulting | *Salesforce Developer*

Feb 2019 - Sep 2021 | Gilbert, Arizona, United States

- Executed Salesforce CRM projects for healthcare sectors, improving member services and compliance with HIPAA practices.
- Customized complex business logic using Apex triggers and Visualforce, spearheading process automation improvements.

Arizona State University - W. P. Carey School of Business | *IT Support Specialist*

Jun 2016 - Dec 2018 | Tempe, Arizona, United States

- Enhanced IT operations efficiency by diagnosing and resolving technical issues, focusing on security threat management.

EY | *Risk Advisory Intern*

Jun 2018 - Aug 2018 | Greater Phoenix Area

- Identified and addressed IT risks for Fortune 500 companies, demonstrating analytical skills in risk mitigation and system auditing.
