Avalara APAC - Salesforce Solution Architect

Job URL

Dear Hiring Manager,

I am writing to express my interest in the Salesforce Solution Architect position at Avalara. With over 12 years of experience in enterprise systems architecture and a deep expertise in Salesforce platforms, I am well-prepared to contribute to your Salesforce architecture initiatives. My experience at Docker and AWS, where I led cross-functional teams in implementing scalable Salesforce solutions and AI-driven workflows, uniquely positions me to support Avalara's goals in optimizing revenue operations and customer experience strategies.

At Docker, I played a pivotal role in developing OmniStudio solutions and integrating AI capabilities into Salesforce workflows, enhancing service delivery efficiency and customer insights. My work in aligning Salesforce architecture with business objectives and driving platform rationalization aligns with Avalara's need for consistent and quality customer interaction experiences.

With a strong background in Salesforce architectural design, data integration, and AI deployment, I am confident in my ability to elevate Avalara's Salesforce capability and maturity. I am excited about the opportunity to bring my skills and experience to support Avalara in driving scalable and efficient Salesforce solutions.

Thank you for considering my application.

Sincerely,
Triet Le
