PROFESSIONAL EXPERIENCE

Docker, Inc | *Senior Salesforce Developer*

Dec 2024 - Present | Seattle, Washington, United States

- Develop innovative OmniStudio solutions, optimizing guided workflows with FlexCards, OmniScripts, and DataRaptors, enhancing customer interactions.
- Architect and implement scalable Salesforce processes using Apex programming and Lightning Web Components, maintaining high standards of Salesforce compliance.
- Prepared and presented comprehensive reports and dashboards to executive leadership, aligning Salesforce capabilities with business goals.
- Implemented robust security models, managing profiles, roles, and permission sets to ensure least-privilege access across the organization.
- Pioneered flow architecture replacements, enhancing automation with record-triggered and screen flows, reducing manual work.

Amazon Web Services (AWS) | *Senior Salesforce Developer*

Jul 2023 - Dec 2024 | Seattle, Washington, United States

- Designed and implemented Salesforce solutions using OmniStudio, enhancing CRM workflows for member services and healthcare operations.
- Configured Salesforce security and access configurations, safeguarding data across enterprise environments.

- Streamlined sales and service operations through custom reports, dashboards, and automated processes, improving user adoption and reporting accuracy.
- Executed and supported integrations with cloud-based services using REST APIs and Apex, resulting in seamless data flow.
- Spearheaded the development of Salesforce Experience Cloud features, boosting user engagement and operational efficiency.

Amazon Web Services (AWS) | *Salesforce Developer*

Oct 2021 - Jul 2023 | Seattle, Washington, United States

- Refined integration processes with external systems using REST and SOAP APIs, ensuring data integrity and process efficiency.
- Collaborated in Agile methodologies, driving backlog refinements, technical designs, and release support to elevate standards.
- Enhanced Salesforce solutions developing FlexCards and other custom components aligning with dynamic user requirements.
- Managed complex issue resolutions, facilitating transaction-aware error handling in data integrations.

Deloitte Consulting | *Salesforce Developer*

Feb 2019 - Sep 2021 | Gilbert, Arizona, United States

- Coordinated Salesforce CRM implementations for healthcare environments, optimizing data security and workflow automation.
- Applied technical expertise to consolidate and enhance Apex triggers, validation rules, and workflow efficiencies.
- Documented deployment steps and security protocols, establishing reliable change management practices in compliance-focused settings.
- Implemented Visualforce and Apex solutions, transforming healthcare business operations with tailored Salesforce applications.

Arizona State University - W. P. Carey School of Business | *IT Support Specialist*

Jun 2016 - Dec 2018 | Tempe, Arizona, United States

- Provided comprehensive IT support, troubleshooting, and security solutions for faculty and administrative teams.
- Collaborated in IT strategy sessions, deriving agile solutions to enhance technological efficacy across departments.

EY | *Risk Advisory Intern*

Jun 2018 - Aug 2018 | Greater Phoenix Area

- Assessed technology risks through detailed evaluations, enhancing risk management for Fortune 500 companies.
- Collaborated with senior advisors, contributing to audit improvements and compliance validations.
