Triet Le

Salesforce Cloud Architect

Chandler, AZ, United States | +1(602) 825-3683 | trietle1997@outlook.com | LinkedIn

SUMMARY

Salesforce Cloud Architect with 7+ years of experience in designing robust architectures for multiple Salesforce clouds, including Sales Cloud, Service Cloud, and Experience Cloud. Skilled in integrating enterprise applications, optimizing data models, and leveraging automation for complex, high-volume operations. Adept at aligning Salesforce solutions with business and technology objectives while championing scalability, security, and performance.

SKILLS

Salesforce Architecture: Sales Cloud, Service Cloud, Revenue Cloud, Experience Cloud, Salesforce Platform

Development: Apex, Lightning Web Components, Salesforce Flow, Visualforce, Agentforce, Einstein AI

Integration & API Development: REST API, SOAP API, Middleware, Event-Driven Architecture

Data Management & Modeling: Scalable Data Models, Document-Centric Workflows, Optical Character Recognition

Platform Governance & Security: Security Architecture, Code Review, Deployment Standards, Compliance Controls

Stakeholder Management: Technical Leadership, Cross-Functional Collaboration, Agile Methodologies

PROFESSIONAL EXPERIENCE

Docker, Inc | *Senior Salesforce Developer*

Dec 2024 - Present | Seattle, Washington, United States

- Designed scalable Salesforce architecture solutions that accommodate high-volume data and document-centric processes.
- Led integration initiatives with enterprise systems using REST APIs, enhancing data flow efficiency and system performance.
- Architected Apex solutions and LWC components, ensuring optimal performance and adhering to best practices.
- Implemented comprehensive Agentforce and Einstein AI validation scenarios to support advanced data-driven solutions.

Amazon Web Services (AWS) | *Senior Salesforce Developer*

Jul 2023 - Dec 2024 | Seattle, Washington, United States

- Architected and supported Salesforce integrations across multiple clouds leveraging advanced API and middleware solutions.
- Developed robust Salesforce security models and governance standards, enhancing platform reliability and integrity.
- Collaborated with cross-functional teams to align Salesforce solutions with strategic business objectives.

Amazon Web Services (AWS) | *Salesforce Developer*

Oct 2021 - Jul 2023 | Seattle, Washington, United States

- Executed complex event-driven integration patterns to decouple Salesforce architecture and streamline processes.
- Supported data-intensive workflows and document-centric operations to meet enterprise-level demands.

Deloitte Consulting | *Salesforce Developer*

Feb 2019 - Sep 2021 | Gilbert, Arizona, United States

- Crafted Salesforce solutions for healthcare environments, focusing on data security and compliance with industry standards.
- Conducted governance reviews and implemented coding best practices to ensure adherence to Salesforce standards.

Arizona State University - W. P. Carey School of Business | *IT Support Specialist*

Jun 2016 - Dec 2018 | Tempe, Arizona, United States

- Collaborated on Agile solutions for technical issues and supported over 200 faculty and staff members in a high-demand environment.

EY | *Risk Advisory Intern*

Jun 2018 - Aug 2018 | Greater Phoenix Area

- Analyzed technology risks for Fortune 500 companies, detailing findings and implementing cybersecurity enhancements.

CERTIFICATIONS

- Salesforce Certified Application Architect
- Salesforce Certified Platform Developer II
- Salesforce Certified Data Architecture & Management Designer
- Salesforce Certified Sharing and Visibility Designer
- Salesforce Certified Platform App Builder Certification

EDUCATION

W. P. Carey School of Business - Arizona State University 2015 - 2018

Bachelor of Science (B.S.), Business Analytics

Bachelor's degree, Computer and Information Systems Security/Information Assurance
