RowCal - Senior Salesforce Developer

Job URL

Dear Hiring Manager, With proven expertise in designing and developing robust Salesforce solutions, I am excited to contribute to RowCal's mission of improving HOA communities through technology. My experience, including leading scalable Salesforce development projects and refactoring to decrease technical debt by 15%, aligns closely with RowCal’s requirement for operational efficiency and digital transformation. I am adept in advancing data accessibility and platform interoperability, evidenced by my successful integration initiatives with Microsoft Azure, which resulted in a 25% improvement in interoperability. Additionally, my proficiency in working with Apex, LWC, SOQL, and Salesforce security models positions me favorably to address the predictive capabilities and automation needs required for this role. In previous roles, my contributions led to a 30% increase in process efficiency and a 20% reduction in access-related issues. I am enthusiastic about leveraging this experience to facilitate RowCal’s technological and community-focused objectives and exploring the potential of AI and automation within your Salesforce platform. Thank you for considering my application. Sincerely, Triet Le
