Salesforce - GTM Builder

Job URL

Dear Hiring Manager,

I'm reaching out regarding the Senior Salesforce Developer role at GTM BuilderSalesforce. The primary challenge at GTM involves translating complex business requirements into seamless technical capabilities with AI-assisted CRM solutions. With my extensive experience in Salesforce platform development, including Apex, Flow, and LWC, I'm adept at tailoring solutions to meet customer needs.

Notably, at Docker, Inc., I spearheaded the integration of AI agents within Salesforce, enhancing automation and efficiency. At AWS, I successfully implemented security and integration solutions, ensuring scalability and performance across various business units. These experiences have equipped me to contribute effectively to GTM's mission of connecting product and market teams through advanced Salesforce functionalities.

Thank you for considering my application. I'm excited about the opportunity to contribute to GTM BuilderSalesforce's success by employing my technical skills and innovative approach to problem-solving.

Best Regards,
Triet Le
