PROFESSIONAL EXPERIENCE

Docker, Inc | *Senior Salesforce Developer*

Dec 2024 - Present | Seattle, Washington, United States

- Led the development of Salesforce Industries OmniStudio solutions and advanced LWC frameworks to streamline service workflows within Health Cloud.
- Championed API-driven solutions integrating Salesforce with external platforms, leveraging REST APIs and event-driven patterns to boost interoperability.
- Improved user access architecture through meticulous development and administration of roles, sharing rules, permission sets, and field-level security.
- Conducted extensive security audits ensuring compliance with Salesforce best practices and corporate governance policies.
- Advanced Salesforce analytics initiatives by creating dashboards that analyze operational data and inform decision-making processes.

Amazon Web Services (AWS) | *Senior Salesforce Developer*

Jul 2023 - Dec 2024 | Seattle, Washington, United States

- Steered transformation projects integrating Sales and Service Cloud solutions, optimizing data integrity and improving service delivery standards.
- Designed and deployed OmniStudio components enhancing customer case studies, facilitating streamlined processing within Health Cloud environments.

- Coordinated the deployment of CI/CD pipelines utilizing Git and SFDX, bolstering development efficiency and reducing deployment timelines.
- Spearheaded Agile Scrum frameworks ensuring cross-functional collaboration and continuous project advancement.
- Mentored junior developers, fueling a culture of knowledge sharing and technical excellence across multi-disciplinary teams.
- Architected innovative solutions aligning with enterprise architectural standards, enhancing system resilience and scalability.

Amazon Web Services (AWS) | *Salesforce Developer*

Oct 2021 - Jul 2023 | Seattle, Washington, United States

- Contributed to the design and execution of Salesforce integration projects, leveraging REST and SOAP technologies for seamless data exchanges.
- Played a crucial role in deploying compliant security models across Salesforce instances, ensuring robust access and visibility management.
- Developed reusable microservices and automation scripts, addressing complex enterprise requirements and facilitating business process automation.
- Engaged in solutioning dialogues, providing SME insights to drive technology decision-making and strategic planning.

Deloitte Consulting | *Salesforce Developer*

Feb 2019 - Sep 2021 | Gilbert, Arizona, United States

- Managed comprehensive Salesforce CRM implementations, catering to healthcare payer needs and integrating best practices into ongoing development cycles.
- Enhanced technical documentation and process traceability, leading to efficient audit readiness and functionality assessments.

Arizona State University - W. P. Carey School of Business | *IT Support Specialist*

Jun 2016 - Dec 2018 | Tempe, Arizona, United States

- Provided strategic IT support services, contributing to team agility and overall enterprise technological advancements.

EY | *Risk Advisory Intern*

Jun 2018 - Aug 2018 | Greater Phoenix Area

- Participated in risk assessments, applying strong analytical skills to identify and document vulnerabilities across IT frameworks.
